**NEW ALBUM COMING 2018**

Memories Of Gold (Single) March 2017

Dizzy Venus (Album) 2015

## **Remember the good things!**

On 31/3/2017 pop artist Mary Broadcast released her new single "Memories Of Gold". Mary Broadcast experiments with new sounds, mixes electronics with wild guitars, and sings catchy pop melodies with her distinctive voice. "Memories Of Gold" is wild and intoxicating - and being produced by hit producer Alexander Deutsch and mixed by Markus Kienzl ( Sofa Surfers ) - is a very good "pop song".

Two years ago, Mary Broadcast released her last album "Dizzy Venus", which was her first step into the new direction of pop music. She has spent the last few years touring throughout Europe and Africa, collecting a lot of experiences and stories, and putting them into new songs. "Memories of Gold" is one of those songs and there are many more to come.

Mary Broadcast started making music at the age of 11. Since then she has been writing her own songs, playing guitar and touring the stages of Europe. She was born in deepest Austria and has a strong musical family that stands behind her. As an assertive and powerful character she never had any doubts concerning her dream of being a musician. The tragedies of her life are the big themes of her songs. Thanks to her exceptional voice and her talent to create images in the minds of her listeners in only a few minutes, her audience is sincerely connected to her, wherever she performs. Her strong belief in the good power of helping her fellow human beings in need led to the founding of her charity organisation „Goodball“ several years ago.
